# INTO YOU vs NOT INTERESTED

People send signals all the time.  
Know what signals you send and  
what signals others are sending you.

## Ways to say "NO"

NO  
with an  
alternative

I don't think I'd like to go on a date,  
but maybe we could hang out next time  
we see each other out.

NO  
with a  
reason

I don't want to go on a date. I like  
you but I don't like you that way.

NO  
and GO

I'm not going to go out with you.  
[then leave]
